Firmware Upgrade

Note : As part of the Firmware upgrade procedure we recommend users refresh their browser cache.

Camera firmware must be downloaded from the American Dynamics website and can be installed using either Illustra Connect or the utility in the camera web interface.

Note: Insure your camera does not lose power during the firmware upgrade process.

Using Illustra Connect

1. Install and launch the illustra Connect software utility
2. Select the camera needing firmware upgrade from the list of found cameras
3. Right click on the camera in the list and select Upgrade Firmware
4. Select Choose File to find the firmware upgrade file on your system

Note: The file-type selection filter may need to be changed to "All Files"

Using the Camera Web Interface

1. Using Internet Explorer, connect to the camera IP address
2. At the top of the page, select Setup
3. Select System and then select Firmware Upgrade
4. Select Browse and find the firmware file
5. Select Start and wait until the timer has counted down
